THE BINSTARTER LOGO ON A YELLOW BACKGROUND

ICONS

THE BINSTARTER COLOR ICONS

The background is a solid bright yellow color. It features several large, overlapping, organic shapes in a slightly lighter shade of yellow. These shapes are fluid and non-geometric, resembling liquid or soft-edged forms. They are positioned primarily on the left and center of the frame, creating a sense of movement and depth. The word "COLORS" is centered horizontally and partially overlaps these shapes.

INSURANCE PROTOCOL WITH DECENTRALIZED APPROVAL MECHANISM AGAINST FRAUD

BinStarter is a decentralized insurance protocol which has a mining-style approval mechanism that brings together projects and liquidity providers. This insurance is designed to examine the projects according to certain criteria for 30 days and to protect liquidity providers from possible damages against any negativities that may occur.
